

TOXIC TIMBER

All inhaled wood dust is hazardous to your long-term health. Use extraction and PPE wherever possible.

Woods can aggravate symptoms through allergic reactions, and some woods are outright toxic in and of themselves.

Please be considerate to other users and DO NOT BRING OR USE THE FOLLOWING IN THE SHED

Laburnum	constitutional effects (nausea, vomiting, headaches); direct toxin
Milky Mangrove	sap is poisonous, causes irritation to eyes and/or blindness, headache, burning of throat, blistering of skin
Oleander	irritant, nearly every part of the plant is toxic, cardiac effects
Poison Walnut	bark irritating to skin, dust may cause asthma, nausea, giddiness, sap is toxic and corrosive
Sassafras	sensitizer, nausea, respiratory, direct toxin, rare NPC
Tambootie	irritant, diarrhoea, blindness, direct toxin
Yew	irritant, nausea, headache, cardiac effects, direct toxin
